## *Math Resource Night*

On February 24<sup>th</sup>, 2011 Littleton Elementary hosted a Math Resource Night for pre-k through 8th grade students and families to attend as part of our family engagement efforts for our 21st Century After School Star program and MacRO (Math Achievement Club Rodel Foundation) program.

Students and parents were exposed to math learning such as number sense and math fluency, as well as power point presentations that matched their respective curriculum. The families were provided the opportunity to create "take home" math games and handouts to help support math learning at with their children at home.

We hope parents and students realized math doesn't only have to take place in the classroom...:-)

## *Littleton's Got Talent*

All Littleton students have been invited to audition for the Littleton Talent Show! Student acts such as singing, dancing, instrument performance, poem recitations and magic tricks will be evaluated by a panel of teacher-judges on March 22<sup>nd</sup> and March 24<sup>th</sup> to decide on the *Top 20 Acts*. These acts will be showcased for the Littleton students during the school day on Tuesday, April 26th and later at 6 p.m. to our school community. Hope you can join us for an evening of entertainment!

Sincerely,  
Dr. Juliet M. Mendez  
Proud Principal

## *Nurse's Corner*

Fever, runny noses, allergies, vomiting...it was a tough February but we made it through to March! Please make sure students are free of fever and vomiting for 24 hrs. without medication prior to sending students to school. Remember, good hand washing is the best way to prevent the spread of illness.

The nurse is currently in the process of hearing and vision screenings. Don't hesitate to contact me for any questions you may have.
