Nurse's Corner...

The flu season is upon us. Please remember to cover your coughs and sneezes. Make sure you wash your hands with soap and water, or use hand sanitizer, every time you touch a contaminated area. These can be your nose or mouth, dirty tissues, door knobs, etc. Also, make sure your child gets plenty of rest and good nutrition. Please keep students home who have fevers, body aches, chills, sore throats, etc. Students must be fever-free for 24 hours without the use of a fever-reducing agent to return to school. Flu shots are encouraged.
